

Gov. Gretchen Whitmer - Phone Template

Hello my name is [YOUR NAME] and I am a resident of Michigan. I am calling because you are the Governor of Michigan and have the ability to help in a serious situation your community needs aid in. I am calling today about Krystal Clark, a woman who is currently living in dangerous conditions at the Huron Valley Women's Correctional Facility (HWV) located in Ypsilanti Michigan. In our community it is known as the Valley of Death due to how many people have lost their life while under the care of that facility. Krystal Clark is currently suffering from an Aspergillus (As-per-gil-lus) mold infection as well as (MRSA) a bacterial infection. These ailments are causing mold to grow out of her ears, severe nerve damage resulting in the loss of function in half of her face as well as mobility issues, respiratory issues, hair loss, and lesions on her body. Her condition is due to the negligence of the people in power at HWV who can help her, but won't. This is what I and the constituency you represent are asking: Free Krystal by granting her medical clemency, commuting her sentence, or pardoning her, Bring in third party contractors to inspect and fix mold instead of relying on internal reviews, Allocate funding for medical and infrastructural upgrades to improve living conditions, and create a release plan for all those presenting with extreme medical issues. Please act in accordance with our requests, and continue to represent your constituents, and demand Krystal Clark and others get proper medical care as demanded by law, and strongly advocate for the clear, necessary medical clemency.
